SELECTED PROJECTS

- City of Ottawa, R.E. Millward & Associates – Writing and reviewing design and placement guidelines for the City's proposed Integrated Street Furniture Program. The project will provide unified street furniture including benches, transit shelters and waste and recycling receptacles to the City supplied and paid for by the successful proponent.
- Town of Richmond Hill, R.E. Millward & Associates – CS&P Architects retained R.E. Millward & Associates as sub consultants to research and review municipal, regional and provincial planning policy in support of a feasibility study assessing the relocation of the Town of Richmond Hill municipal offices to a new purpose built facility.
- Toronto Parking Authority, R.E. Millward & Associates – Retained by the TPA to provide planning advice and assist in the preparation of an application to construct a new surface parking facility incorporating sustainable design features.
- Town of Markham, SPH Planning and Consulting Ltd. – Reviewing and updating written material for the Town's Accessible Design Guidelines. The update included a review of professional best practices in North America and Europe in order to ensure up to date criteria. In addition, the update included developing new diagrams and schematics and a new layout for the document.
- City of Toronto, Brook McIlroy Inc. – Carried out extensive site analysis and field research in support of the Kingston Road Cliffside Village Avenue Study. Prepared presentation boards for public consultation events. Conducted policy and zoning by-law review in support of the project.
- City of Toronto, Brook McIlroy Inc. – Produced written materials and conducted site visits for the Kingston Road Transit EA project. The project is assessing the feasibility of running a dedicated transit line down Kingston Road in the former municipality of Scarborough. The project is slated for completion in 2009.
